

# COPENHAGEN CAPACITY

## Fill your open positions with highly skilled international talent

Skip the time-consuming screening of applicants and let us help you find qualified candidates from our database of +7,000 pre-screened profiles.

With +7,000 pre-screened talents in our database and an experienced team with extensive experience at the ready, we at Copenhagen Capacity can help your company fill its open positions.

### Access to our Talent Pool

Our database consists of +7000 international candidates primarily from EU, South and North America and Asia within the following areas of competencies:

- **+4500** IT/Tech & engineers with min. 3-5 years of experience.
- **1500** Business, Marketing & Communication candidates living in Denmark.
- **1000** other qualified candidates.

# 200

international talents were hired by companies in 2017 with the help of our talent department at Copenhagen Capacity.

## What's in it for you?

Finding the right talent is not always easy, when you have limited recruitment resources. With our experience and assistance, you will:

- get access to highly skilled international talent from our database of +7.000 candidates
- improve your recruitment process and make your time spent more effective
- increase your company's exposure among potential candidates
- find stellar candidates to fill your positions

## How it works

Your hiring manager meets with us to go over your open positions, ensuring that we have all the information required.

- We help you set up a company page on our career site.
- We source and contact relevant candidates from our extensive network.
- We forward you the best and most relevant candidates.
- You interview your favorite candidates and hopefully find your next employee!

## Our database

Our database covers highly specialized experts from around the world, ready to move to Greater Copenhagen to pursue their career as well as international talents enrolled at all 8 Danish universities.

All candidates have been carefully selected based on skills and qualifications, and our team has years of experience in sourcing candidates to meet most requirements.

## What it costs

- 10.000 kr. per job.

### Copenhagen Capacity

We support foreign companies, investors and talents in making a successful start in Greater Copenhagen.
